CAREER ACCOMPLISHMENTS

- <u>Built Full-Stack Tools</u>: Created Laravel Blade tools like a Passport Photo Maker, file converters, and image editors with focus on user needs and performance.
- <u>Led Product Development:</u> Handled complete development of tools with features like cropping, background removal, and print-ready downloads—built without external libraries.
- <u>Solved Real User Problems</u>: Made tools to make tasks like image conversion and editing easier for users.
- <u>Focused on AI Growth</u>: Shifted toward AI by preparing for GATE 2026 (DS & AI), showing strong interest in future tech.

PROFESSIONAL EXPERIENCE

ISKCON Bangalore   Bangalore, Karnataka
Laravel Developer   June 2024 – Present

ISKCON Bangalore is a leading spiritual and cultural institution dedicated to promoting Vedic values through education, events, and community-driven digital platforms.

- Designed and maintained Laravel-based web applications, like **Kalyana Mantapa** Hall booking system and **Book Marathon** inventory manager, enhancing operational efficiency.
- Led end-to-end development cycles from requirement gathering to deployment and post-launch support.
- **Tech Stack:** Laravel, PHP, MySQL, JavaScript, jQuery, AJAX, Bootstrap.

Fixing Dots   Raipur, Chhattisgarh
Web Developer   June 2023 – June 2024

- **Built FixHR – HR Management System**: Led the development of a complete HRMS platform using Laravel and Livewire, covering modules for attendance, leave management, and reporting.
- Streamlined HR workflows by digitizing manual tasks, significantly reducing processing time and improving accuracy across departments.
- **Implemented Dynamic Interfaces**: Used AJAX, jQuery, and Bootstrap to create responsive UI components, improving system performance and reducing user friction.
- **Tools & Technologies Used**: Laravel, Livewire, PHP, MySQL, JavaScript, jQuery, AJAX, Bootstrap.

SKILLS

Languages & Frameworks:	Python, C/C++, PHP, JavaScript, Laravel, React JS, Next JS, Flask
